Career Objective

Aspiring Software Engineer with strong foundations in **Java, Data Structures & Algorithms, and Backend Development**. Passionate about building scalable software solutions, solving complex problems, and continuously learning new technologies. Seeking an opportunity to contribute to impactful projects, grow technical skills, and collaborate effectively in a dynamic work environment.

Education

B.Tech in Computer Science & Engineering (AIML)
Mohan Babu University | 2023 – 2027 (Ongoing)

Technical Skills

Programming Languages: Java (OOP, DSA, JDBC), Python, SQL
Frameworks & Technologies: Spring, Hibernate, JEE (JSP, Servlets)
Databases: MySQL (CRUD, Joins, Subqueries)
Web Development: JSP, Servlets, HTML, CSS, Bootstrap
Tools & Platforms: Eclipse, GitHub, MySQL Workbench
Core Competencies: Problem Solving, Object-Oriented Programming, Algorithms
Soft Skills: Analytical Thinking, Team Collaboration, Time Management, Adaptability

Projects

1. TapFoods – Online Food Delivery Web Application

[GitHub Repository](#)

- Designed and implemented an **end-to-end food delivery platform** with user authentication, cart management, checkout, and multiple payment options.
- Applied **MVC design pattern** using Servlets & JSP with **MySQL** for data persistence.
- Structured **DAO classes** for efficient database operations, ensuring clean and scalable backend architecture.

2. Movie Finder – MySQL Spring Boot Major Project

[GitHub Repository](#)

- Built a **Spring Boot web application** to manage movies, theatres, and shows, enabling users to search for running showtimes and theatre details.
- Integrated **MySQL database with Spring Data JPA** for storing and querying records.
- Implemented queries like finding movies by release year range, theatres with >200 capacity, and average-based capacity filters.
- Leveraged **Spring MVC, Thymeleaf, and REST APIs** to provide dynamic UI and efficient data handling.

3. Personal Portfolio Website

[Live Project](#)

- Developed and deployed a **responsive portfolio website** to showcase skills & projects using HTML, CSS, and Bootstrap.
 - Hosted on **GitHub Pages** for professional branding and easy accessibility.
-

Languages : Telugu (Native) | English (Fluent)

Certifications

Machine Learning – SkillForge
AI & Cloud Computing – IBM Skill Build (Edunet)
